OFFICE IN THE CREMATORIUM BUILDING

Howe and Mather Streets, Oakland

Visitors Always Welcome Between the Hours of 9 a. m. and 5 p. m.

ELLA WHEELER WILCOX:

"I heartily approve of cremation. In the first place it is cleanly; in the second place it is economical. It helps along nature. The body must eventually turn to dust, and why not turn it to dust by cremation rather than have it decompose in the ground?

"Then again, the increase in population, and consequently death, must render this mode of disposing of the dead eventually necessary."

Outside view of the new Columbarium, which has been completed at an immense cost.

One of the finest Columbariums in the world for the reception of ashes. The building is a model of its kind and is as beautiful as money can make it. Thousands of niches are for sale for the benefit of those who wish to have a perpetual resting place for the ashes of their dead, amid appropriate surroundings. Flowers and shrubs are there in abundance to make it as attractive as possible, and resting places are fitted up throughout for those who come to visit.
